

**Daily Scrum**  
**3 main questions:**  
What was done yesterday?  
What is the plan for today?  
Are there any impediments?

**Backlog Grooming**  
On-demand meeting to review and change backlog whenever necessary

**Sprint Retrospective**  
Reviewing the work done and support the ongoing learning process

**Sprint Planning**  
Building sprint backlog and selecting user stories to include in the sprint 2 main questions:  
What we do? How we do it?

**Sprint Review**  
Held at the end of the sprint. Team evaluates the shippable product increment

**SCRUM MEETINGS**
