

SCRUM BOARD

Scrum board is a visual tool that facilitates team collaboration.

The Scrum board:

- Looks like a whiteboard divided into columns.
- Outlines all tasks and their progress within a sprint.
- Used by everyone: development team, Scrum master, product owner.

Main columns in the Scrum board:

1. Tasks
2. To-do
3. Work-in-progress
4. Testing
5. Done

Key benefits of the Scrum board:

1. Increased transparency
2. Better communication
3. Real-time updates of the process
4. Smarter risk management
5. Support for planning
