

# 6 Useful Tips for Managing a Big Team

## Reverse Mentoring:

- Encourage younger or less experienced team members to mentor older or more experienced colleagues.

## Project Management System:

- Assess the team's needs to choose a suitable project management system.
- Bordio offers comprehensive features for effective team project management.

## Anonymous Feedback Sessions:

- Conduct periodic sessions to gather honest input without fear of judgment.

## Centralized Task Management:

- Implement a robust system like Bordio to centralize tasks and prevent oversight.
- Seamlessly track progress and integrate with tools like Google Calendar for enhanced productivity.

## Encourage Self-Organization:

- Empower team members to manage themselves by involving them in decision-making.
- Let teams decide on timelines, assignments, and problem-solving.

## Buddy System Implementation:

- Pair team members to support, share knowledge, and foster connections.
- Enhance collaboration and integrate new hires effectively.
